

FOR IMMEDIATE RELEASE

Fernlea Flowers Introduces *Raspberry Splash* Rio Dipladenia

Hot New Tropical Brightness

Raspberry Splash

Delhi, Ontario, Canada (March 11, 2017) – Fernlea Flowers, the exclusive North American distributor of Rio Dipladenias is proud to announce the hot new shade RASPBERRY SPLASH in Canada.

Rio dipladenia is the gardener’s “dream plant” because of it’s easy care, drought tolerant beautiful tropical blooms that thrive for the full summer season – from May right up to Fall’s first frost. These sun-loving high quality plants have been gaining recognition and praise alike from green thumbs to gardening newbies. Rios are the perfect choice for the busy gardener who isn’t always available to water frequently at home or at the cottage. They are bred specifically for garden performance and are perfect for hanging baskets, planters, window boxes and garden beds.

Rio Dipladenias come in a range of high-impact colours, including bright red, brilliant white and stunning shades of pink – including the latest variety, **Raspberry Splash**.

About Fernlea Flowers

Fernlea Flowers has been growing great gardens since 1939 supplying retailers and gardeners with the highest quality plants. As one of the largest owner-operated greenhouses in North America, Fernlea has facilities in Canada and the United States. With its main greenhouse and nursery located in Delhi, Ontario, Canada, the proud 3rd generation family-run company also has year-round outdoor nurseries in Florida and California. In addition to quality bedding plants, Fernlea offers innovative branded products such as Rio Dipladenia, Hawaiian Punch Hibiscus, Red Star Spikes, Awesome Accents and Harvesthyme Veggies and Herbs.
